

Compass Box Hedonism Maximus

An older, more exotic expression of Hedonism, consisting of 42 year old Invergordon and 29 year old Cameron Bridge grain whiskies. Straw gold color. This is richer and cleaner than most other grain whisky offerings, which are often too thin and overweight with dry oak. Like many older grain whiskies, creamy vanilla, coconut custard, and a variety of tropical fruits abound. Additional notes of toasted marshmallow, caramelized apricot, golden raisin, and a gentle dried spice finish add complexity. Surely one of the better examples of this rather eccentric category.
